

DOMINATOR® HIRO™

SUITABLE FOR USE ON HIGH ROLLING SHEET DOORS

POWERHOUSE PERFORMANCE FOR DEMANDING APPLICATIONS

Slim but powerful - To suit demanding applications. Not only is it the most powerful rolling sheet door operator in our range, it is also smartphone compatible.

The GDO-12 Hiro™ is not only the most powerful opener in our range but it is also suitable for low side room installation. It paves the way in control and connectivity delivering smart phone control in residential and commercial applications (as an optional upgrade). If you need to operate a very large roller door or a wind-locked door, or have a site with low side room requirement, GDO-12 Hiro™ is the ideal choice.

WHAT'S INCLUDED:

Opener with LED Courtesy Light

Wireless wall button and Two TrioCode™ 128 Remote Controls

Adaptors for JANUS sheet doors

Safety Beams

AT A GLANCE:

SECURE & RELIABLE TRANSMITTERS

The TrioCode™ 128 remote control ensures secure and reliable home access. It transmits on three frequencies to defeat radio interference and uses a 128-bit encryption protocol (with trillions upon trillions of random codes*) for the ultimate in security.

*340,282,366,920,938,463,463,374,607,431,768,211,456 codes

KEY FEATURES

- 1400N Short-term peak force
- Soft Start / Soft Close
- Slim fit design
- LED Courtesy Light
- Intelligent Safety System
- Smart phone compatible

INTELLIGENT SAFETY SYSTEM (ISS)

If contact is made with an obstruction while moving, the opener either stops or reverses the door to reduce the risk of injury or property damage.

SOFT START / SOFT CLOSE

The Soft Start / Soft Close feature ramps speed up and down at the start and end of each cycle, therefore reducing stress on the door and opener.
